ARIAL UTTO HYDRAULIC

This universal tractor transmission oil (UTTO) has been developed for the hydraulics and transmissions of most generally used agricultural and road-construction equipment.

SKU: 201040
Categories: Multifunctional oils (UTTO)

A nowadays universal hydraulic and transmission oil formulated with solvent refined base oils and selected additives to obtain the following properties:
- a high and stable viscosity index
- a very low pour point
- a very good stability against oxidation
- good extreme pressure- and anti-wear properties
- optimal friction properties and therefore applicable in systems with "wet" brakes
- excellent corrosion and foam preventing properties
